

Abstract Submission Deadline

Friday, October 27th, 2017 noon CST

Abstract submissions must follow the guidelines posted on the website and must include a completed registration form. Abstracts can be submitted on the [conference website](#).

Authors will be notified by mid December 2017 of abstract acceptance, presentation form and time.

Oral & Poster Presentations

Oral Presentations

Presentations will be 10 minutes in duration, allowing 5 additional minutes for questions.

Poster Presentations

All accepted posters will be posted for viewing at the Wednesday or Thursday evening poster sessions.

Presenters are expected to be at their posters. The format will be a mix and mingle, question and answer style.

Posters must not exceed 54" wide and 36" high. For key presentation points, please visit the [conference website](#).

Registration Fees & Deadlines

	Early Bird Registration (valid for registrations on or before January 14, 2018)	Standard Fees (valid for registrations after January 14, 2018)
Professional	\$300	\$350
Professional (1 day)	\$150	\$175
Trainee	\$200	\$250

Accommodation

Please book your guestroom at the Banff Centre as soon as possible to ensure that you receive the CNPRM rate. View the [conference website](#) for the link to the Banff Centre's CNPRM reservation site.

Please note that double rooms are reserved for trainees.

We look forward to you joining us for an exciting and comprehensive line-up of internationally renowned presenters!

Co-hosts and Founder's Circle Sponsors:

February 14-17th, 2018

Celebrating Canada's excellence in perinatal investigation and translation: *an interdisciplinary exploration of advances in perinatal health research*

You are invited to the 5th annual Canadian National Perinatal Research Meeting to be held at The Banff Centre. [The Banff Centre](#) is the largest arts and creativity incubator on the planet, located in Banff National Park, Alberta, Canada.

The primary objectives of the meeting are to foster collaborative research in Canada and help train research leaders for tomorrow.

Practitioners, research investigators and trainees learn about the latest discoveries in maternal, fetal and newborn health research for application to maternal and newborn care and policy.

This year's program promises to be a unique mix of interdisciplinary collaboration as well as an opportunity for discipline-specific sub-groups to share the latest developments in their own fields. CNPRM boasts outstanding national and international guest speakers, and provides considerable time for oral and poster presentations to showcase original work from attending participants.

Thank you to the generous support from our sponsors, this conference offers trainees a subsidy to attend and present at the meeting.

Plenary Speakers

William Fraser

Department of Obstetrics and Gynecology, Université de Sherbrooke

Lucky Jain

Department of Pediatrics, Emory University

Alan Jobe

Department of Pediatrics, University of Cincinnati

Rebecca Jones

Division of Developmental Biology & Medicine, University of Manchester

John Newnham

Department of Obstetrics and Gynecology, University of Western Australia

Brenda Poindexter

Department of Pediatrics, University of Cincinnati

Tessa Roseboom

Early Development and Health, University of Amsterdam

Prakesh Shah

Department of Pediatrics, University of Toronto

Gordon Smith

Department of Obstetrics and Gynaecology, University of Cambridge

Robin Steinhorn

Department of Neonatology, Centre for Hospital Based Specialties

Bonnie Stevens

Sick Kids, Faculty of Nursing and Medicine, University of Toronto

Moriah Thomason

Department of Pediatrics, Wayne State University School of Medicine

Committees

Organizing committee:

Co-chairs:

- Shyamala Dakshinmurti, Dept. of Pediatrics/Physiology, University of Manitoba
- Vern Dolinsky, Dept. of Pharmacology & Therapeutics, University of Manitoba
- Richard Keijzer, Dept. of Surgery, Pediatrics & Child Health & Physiology, University of Manitoba

Jon Barrett, Dept. of Obstetrics & Gynaecology, University of Toronto

Po-Yin Cheung, Dept. of Pediatrics, Pharmacology & Surgery, University of Alberta

Venu Jain, Dept. of Obstetrics & Gynecology, University of Alberta

Abhay Lodha, Dept. of Pediatrics, University of Calgary

Pascal Lavoie, Dept. of Pediatrics, University of British Columbia

Tim Regnault, Dept. of Physiology & Pharmacology, Western University

Deborah Sloboda, Biochemistry & Biomedical Sciences, McMaster University

DOHaD:

Convener: Meghan Azad, Dept. of Pediatrics & Child Health, University of Manitoba

Maternal Fetal Medicine:

Convener: Jon Barrett, Dept. of Obstetrics & Gynaecology, University of Toronto

Neonatal Clinical/Epidemiology:

Convener: Abhay Lodha, Dept. of Pediatrics, University of Calgary

Neonatal Neurosciences:

Co-convener: Jong Rho, Dept. of Pediatrics, Clinical Neurosciences, Physiology & Pharmacology, University of Calgary

Co-Convener: Gregory A. Lodygensky, Department of Paediatrics, Université de Montréal

Neonatal Physiology and Therapeutics:

Convener: Pascal Lavoie, Dept. of Pediatrics, University of British Columbia

Nursing/Midwifery Research:

Convener: Shahirose Premji, Faculty of Nursing, University of Calgary

Perinatal Epidemiology:

Convener: KS Joseph, Dept. of Obstetrics & Gynaecology, University of British Columbia

Placental & Fetal Physiology:

Convener: Venu Jain, Dept. of Obstetrics & Gynecology, University of Alberta

Reproductive Sciences:

Convener: Serge McGraw, Department of Obstetrics & Gynecology, Université de Montréal
